Barod Medicare & Research Centre Private Limited

<https://www.indiamart.com/barod-basic-appliances/>

We are one of the well known and reputed organization in central India involved in manufacturing and supply of Orthopedic and Prosthetic Appliances. We are committed to provide world class quality products and services to our customers.

About Us

Established in **1973**, we, "**Barod Basic Appliances & Research Center In Orthopedics Disability**" have been one of the most reputed manufacturing unit in central India who is supplying a wide range of **Orthopedic and Prosthetic Appliances** in the Indian market. We are **National award** winner and have a sound approach to satisfy our client to the maximum. Further, we never leave any stone unturned in-order to provide them with the best-in-class products. Currently we are serving 25000 people and this number is rapidly increasing with passing time, more and more people prefer our products because of their high quality, durability and reliability. We primarily deal in **Braces, Orthopedic Belts, Orthopedic Appliances and Prosthetic Appliances**. Our products are of high quality owing to fact that we use best-in-class raw material along with latest technology. We thoroughly inspect and quality check each product before it reaches the clients. This is done to ensure the clients are fully satisfied with services and products being provided. We provide caliper with in 30 min. (at the workshop) with two-year of warranty. We have stay arrangements for the outside visitors. "**Mr. Sandeep Barod**" has been a constant guiding force and big motivational factor for the organization, he has led us with sharp business acumen and highly praised administration skills. He has constantly been on the look out for...
