About Us

Basil Communications Private Limited was established in the year 1994. Basil was set up to provide a fresh, distinctive global creative services solution by repurposing ideas and assets. In other words we offer value and efficiency to brand management. By transcending locations, time zones, languages, technology and currencies Basil creates, manages and executes through collaborative technology and Digital Asset Management. With domain expertise on our side, productivity gains are effectively passed onto clients, thereby making organizations business efficient. By reducing costs and optimising performance through off-shoring the goal is to build a cross-media supply chain that works in the most efficient and effective manner. It is the smart way to manage your brand. At Basil we cover all bases with the 'People, Process, & Technology' formula. A sharp combination of skills and certified processes, enabled by technology, ensure the effective delivery of high-quality creative services. The team at Basil is an amalgam of skill, experience and drive. The gamut of skills range across media-specific capabilities and are comparable to the best in the world. This is due to constant training and updation of skills in keeping with international creative standards. Differential training is imparted according to roles using internal as well as external resources. We have a robust mesh of project managers, team leaders, content managers, designers, artworkers,...
