About Us

Bds Hydro Treat Consultants Private Limited an **ISO 9001:2008** company, began its operations in the year **2008**, as one of the leading manufacturers, distributors, wholesalers, traders, suppliers and exporters of this impeccable and wide range Water Treatment Plants. The offered range is made up of the finest Waste Water Recycling Systems, Sewage Treatment Plants and Effluent Treatment Plants, having a high preference in the market. Manufactured following the set industry norms and guidelines, using the highest grade of raw materials and advanced technology, its user friendly nature, functionality and functional life, is widely praised. Further, we make the finest Maintenance & installation services available at the most reasonable rate possible.

Our ultra-modernistic state-of-the-art infrastructure, laced with all the machinery and tools necessary, help us in the attainment of a greater production capacity. The facility regularly upgraded, help us boost our presence in the market. For effective and efficient management of the firm's operations, the facility has been divided into several highly operational units, under the governance of trusted and skilled professionals. These units, in the most dedicated manner, work in compliance with each other, to facilitate the attainment of several of the firm's goals and objectives. Further, owing to our ethical working habits, we have managed to set up a huge and reputed client base...
