About Us

Established in the year 1997 at Chandigarh, Punjab (India), "Bedi Medical & Heart Centre," is one of the distinguished Medical Treatment and Welfare Services Providers in India. We strive to ensure good health and well-being of our patients who are attended with sincerity and kindness by our competent staff. Our range of medical services includes safe and nonsurgical treatments for coronary heart diseases, obesity, diabetes, hypertension and medical disorders. We also offer yoga and meditation to make you stronger and peaceful naturally.

Our objective is to serve the society and humanity by offering **world class treatment** facilities at very competent prices. We have a sound and well-equipped infrastructure, which has all the necessary latest technology based facilities for carrying out effective **Medical Treatments**. All the equipments and instruments for measuring, testing, monitoring, treating and detecting various vital body indicators or diseases are available with us. The organization's phenomenal success in the recent years has been mainly due to its team of diligent professionals and medical experts. Our doctors and medical practitioners are well qualified and have immense experience under their belt. They attend every patient individually and take care of them with affection and compassion. We are continuously progressing under the able guidance of our mentor, **Dr. P.S.Bedi**. His in-depth...
