We are a prominent supplier, importer and exporter of a wide assortment of industrial process machines. These are well known for higher efficiency, easy installation and reliable performance.
About Us

Inception in 1997, at Beijing, China, we “Beijing Holland Tech Co., Ltd.,” are one of the renowned suppliers, importers and exporters of unmatched industrial process machines. We are catering to the requirement of premium quality electromechanical equipment, which find immense applications in varied industrial units including metal extrusion presses, edm wire cutting machines, deep-hole machines and gear machines. Known for their sturdy construction, higher efficiency and corrosion resistant, these are widely applauded by our clients and we are regularly exporting these products to Italy, Spain, Turkey, India, Brazil, Peru, United Arab Emirates and Australia. We have been successfully supplying these products in the Indian market through our Indian office, which is based in Mumbai, the financial hub of the country. Our unit is ISO 9001:2000 certified and affiliated to many commercial bodies as well. By offering high quality products and services, we win the trust of many quality conscious companies like Vijai Electrical Ltd., Morakiya Metals & Alloys (P) Ltd, Gujarat and Jai Bhawani Engineering. We are headed by our mentor, Mr. Wen Xi. Under his able guidance and support, we are able to strengthen our position in such a short time span. He is further assisted by Mr. Glen and Mr. Amit, who posses rich expertise in the discipline.

CONSTRUCTION MACHINERY

Series Numerical Control Notching Machine

High Speed Notching Machine

Insulation Board Circular Shears Machine

Board Circular Shears Machine
ALUMINIUM IMPACT EXTRUSION PRESS

60 Ton Impact Extrusion Press

200 Ton Impact Extrusion Press

265 Ton Impact Extrusion Press

315 Ton Impact Extrusion Press
Motor Lamination Notching & Coiling Machine:

BJD91-16A - Motor Lamination Notching Machine

Notching and Coiling Machine

Notching Machine
TRANSFORMER COIL WINDING MACHINE

- Over Floor Vertical Winding Machine
- Pit Vertical Winding Machine
- Horizontal Winding Machine
- LV Foil Winding Machine

Our Products
HIGH SPEED NOTCHING MACHINE

Notching Machine

Notching Machine With Fixed Indexing Seat

Notching Press for Segments Lamination

Motor Stamping Machine
TRANSFORMER INSULATION COMPONENTS
PROCESSING MACHINE

Insulation Board Turning and Milling Machine

Board Turning and Milling Machine

Insulation Block Processing Machine

Board Beveling Machine
**OTHER PRODUCTS:**

- Twin Side H Beam Welding
- 500 Ton Impact Extrusion Press
- Lamination Notching Press
- HV Foil Winding Machine
OTHER PRODUCTS:

- Board Cylinder Cohesion Machine
- Copper Extrusion Machine
- Copper & Aluminum CCR Line
- Combined Drawing Machine
