Belgium Glass & Ceramics Private Limited

<https://www.indiamart.com/belgium-glass-ceramics/>

One of the largest Flits manufacturers in Asia and Our Establishment since 1993, and now kph-Miming Latest Technology Computerized Glass Bove Plant for the Manufacturing of Perhunery, Cosmetics, Nail Enamels and Pharma Glass Bottles, Jars and Vials. ...

About Us

Established in the year **1993**, we, “**Belgium Glass & Ceramics Private Limited**”, has etched a remarkable name for ourselves in the domain of manufacturing and supplying an impeccable range of **Frits, Glass Bottles and Cosmetics**. Due to the usage of sophisticated technology, we have been capable of developing 200 Mts frits in a day. We have established a largest designing studio, which is looked after by a team of talented artists and design engineers. Furthermore, the range of our glasses are widely recommended for its resilient and abrasion resistance features. Our modern infrastructure facility comprises hi-tech machinery and advanced technology, which is essential for developing the entire range of products. Our quality auditors perform rigorous checks on these products to assure that these are in compliance with the prescribed international standards. Wide distribution network set by us assist us in delivering the ordered consignments within the stipulated time frame. Under the visionary guidance of our mentor, '**Mr. Vijay**', we have catapulted into the topmost names in this domain. His sharp business acumen and exemplary leadership skills have always supported us in standing ahead of our counterparts in the industry.
