About Us

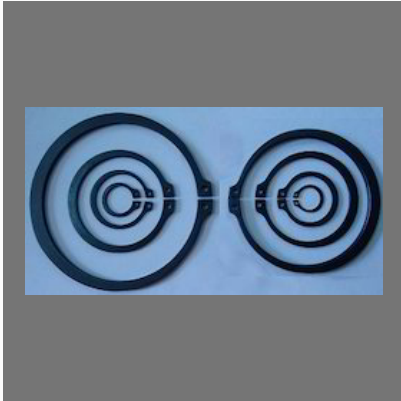

B.G. Industries was established in the year **1973** as a sole proprietorship organization, at Kolkata, West Bengal. We are the pioneer in the field of manufacturing and supplying a wide array of automobile components, industrial nuts, washers & clamps and sheet metal components. Over the years, we are able to carve an enviable position for ourselves in the industry by consistently providing best products at competitive prices. Our 60% production is for Original Equipment Manufacturers of Indian industry, which generally emerges from automobile industry and various other sectors. The wide gamut of products offered by us includes Circlips, Clamps & Clips, Automobile Components, Washers, Speed Nut and Sheet Metal Components. **Client is dealing in bulk orders up to 10,000 pieces.** We are able to grow at a steady pace in this highly competitive industry, under the able vision and guidance of our mentor **Mr. B. K Ghosh**. He is a strong pillar of the organization, which has always contributed in strengthening the foundation of the company. His vast experience of the industry has consistently helped us to grow by leaps and bounds. We have integrated our latest process equipment, advanced engineering techniques, well qualified engineers & technicians to enhance the development activities, which enable us to support existing production technology and improvise manufacturing process that plays a crucial part in meeting the demands of the...
