Welcome To **Bhachu Agriculture Works**, We Provides A Straw Reaper, Toka Machines, Manufacturing Straw Reaper Etc.

About Us

Bhachu Agriculture Works Company 1982. We are the Service Provider & Manufacturer of Agricultural Equipments, Water Tank, Tractor Rotavator, Toka Machines, Straw Reaper, Toka Machines, Manufacturing Straw Reaper Etc. We are manufacturing a large range of high quality Straw Reapers that perfectly separate straws and husks from seeds. Our Reapers are manufactured from the high standard raw materials under the guidance of qualified experts. We are able to manufacture and export a wide range of Laser Levelers which are fabricated using optimum quality raw material. These are highly durable, corrosion resistant and provide best performance to our clients.

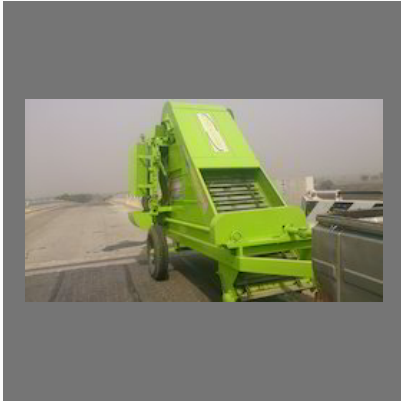

We bring forth for our clients superior quality Agriculture Combine Harvester. These Agriculture Combine Harvesters are made from high quality of raw material which ensure durability at its user end. We are manufacturing and supplying an extensive array of Seed Drill. For the manufacturing of these products, we make use of high grade raw material and advanced technology on adherence with the set industry norms. We are a unique name in the industry to provide our precious clients an exclusive range of Seed Drill. Straw Reaper is used to make straw from stubbles of wheat after combine harvest. All its components are systematically matched to make efficient use of tractor power & save fuel.
