## About Us

Bhagvati Creation & Digital was established in the year 2000. We are Service Provider of LED Boards, Designing Services, LED Signs Board, etc. With the aid of sophisticated technology and sound infrastructure, we have been able to present an astonishing assortment of Back Light Board. Our range is widely used in varied sectors like malls, shops, roads, food joints, airports, cafeteria and other places for displaying the products with the glowing light effect.

We manufacture these back light boards from the virgin raw material in numerous specifications to satisfy the requirements of a wide client base. The major advantage of a Back Light Board is that it is visible in daylight as well as during night. Back Light Board that we offer is widely appreciated for its features like durability, water resistance, weather resistance and longer operational life. Back Light Board requires less maintenance as compared to other boards and is widely in demand by various business houses for the promotion campaign.
