About Us

Bhagyanagar Polymers Private Limited (BPPL) was incorporated in the year 1989. BPPL is one of the leading manufacturer and supplier of industrial chemicals in the state of Andhra Pradesh since more than twenty years. It is manned by highly competent persons. A few of them are chemical engineers & professional managers. We enjoy good relationship with small, medium and large scale industries both in Private and Public Sectors. It is committed to total quality products and deals only in the products manufactured by highly reputed manufactures worldwide.

The customers are happy with the genuine quality, competitive prices and the prompt delivery offered by BPPL. The support of the valuable customers and equally good suppliers, helped us in growing from strength to strength and to become one of the largest independent petrochemicals distributor in the state of Andhra Pradesh, India.
