Our company is the cultivator and supplier of a wide assortment of Musa Acuminata Banana, Banana Tissue Culture Plant, Medicinal Plant and others. The range we offer is used to treat common illness and ailments.
Bhanu Agri Bio Sciences is a professionally managed organization, which has put an enviable presence in industry in 2012. Within very short period of our establishment, we have positioned a distinguished niche in industry owing to our capability of cultivating and supplying a highly effective and wide assortment of Fruit Plant, Forest Plant, Medicinal Plant, Ornamental Plant, Flowering Plant, Musa Thomsonii, Elakki Bale, Musa Acuminata Banana and Banana Tissue Culture Plant. The quality of our products along with timely as well as responsive customers support has helped us expanding our horizons across the markets of Indian Subcontinent. For assuring the quality of products, we pass them through several rigorous quality checks, to perform which, we have hired specialized and skilled team of quality controllers. After conducting quality test, we pass our range for final and safe packaging, where our range is packed using qualitative material that helps is retaining the original value, purity as well as freshness of the products. Besides, our prompt response to the queries of customers, timeliness in delivery of products, ethical policies as well as fair dealings have helped us remaining in tune with the prevailing challenges of industry. Our company has grown by leaps and bounds and expanded its horizons across the country by executing all operations under the astute guiding principles of Mr. B. Devender. He has helped us growing and...
