About Us

The company has been formed in order to cater the need for fulfilling the requirement of electrical installations in the real estate field. Recently there has been tremendous growth in construction of multistoried buildings, hotels and other service facilities in the banking sector and miscellaneous service industries. The company is engaged in electrification and material supply facilities for the above areas. Additionally we are geared up to take up total electrical installation of mid size industrial complex.

The company is backed up by a team of experienced engineers and technicians for fulfilling the need of prestigious clients in the above field. The financial soundness of the company displays the capability to take up any type of work in the field of electrical installations.
