About Us

harti Public School was setup in 1980 to provide quality education to school going children. This was at a time and age when India was embarking on a growth journey. In the last 30 years, the environment in which the school has been functioning has gone through many positive changes. The school grew continuously both organically and in terms of its physical size. The school can now boast of a full fledged infrastructure that is now requisite for a Senior Secondary institution.
