About Us

Established in 2010, Big Boss, is a highly acknowledged consolidating organization which deals in mobile handsets and accessories. We provide a wide assortment of mobile handsets and other electronic accessories that are highly functional and extremely stylish. We are always updated about the availability of latest electronic gadgets and handsets in the market and we make sure that we accommodate the same in our organization. Thus, we always succeed in offering our clients, the latest mobile models and other electronic accessories available in the market. We are a customer driven organization; hence, we aim at fulfilling all our customers requirements and needs. Taking into consideration the spending capacity of each customer we offer all the products at reasonable rates and also help them choose handsets as per their budget. From the time of inception till date we have never compromised on our ethical business practices. The aim of our organization is to provide high-quality products and services to our clients without compromising on our ethical business practices and expanding our outlets throughout the city.
