About Us

Continuously growing in the market since its establishment year **1990**, our firm **Blow Hot Kitchen Appliances Pvt. Ltd.** is highly praised by the customers for best kitchen products. At present, we are involved in the **manufacturing and supplying of Induction Cooker, Kitchen Chimney, Kitchen Hobs, Gas Geyser, Cooking Range, Food Guard, etc.** These kitchen appliances are light in weight and easier to install. Offering hassle free installation, these appliances are free from damage by scratches and other effects, these kitchen appliances are made with the use of damage resistant material that is completely safe to use. Professionals of our firm are highly experienced and make these kitchen appliances with the use of best finishing machineries'. Light in weight and compact in design, these offered products are quality checked several times before supplying in the market. These presented kitchen appliances are best in performance and do not get damaged by any factor. We procure quality raw material for the manufacturing of these kitchen appliances. Additionally, these are given excellent finishing and perfect shape with the use of highly advanced machineries'. Under the guidance by our mentor **Mr. Anil Kumar Gorani** we are able to offer these products in across country market. In addition to this, his sharp vision of the market has made us standing at the topmost position of the market.
