About Us

Popular confections made from peanuts include salted peanuts, peanut butter (sandwiches, peanut candy bars, peanut butter cookies, and cups),peanut brittle, and shelled nuts (plain/roasted).

Salted peanuts are usually roasted in oil and packed in retail-size plastic bags or hermetically sealed cans. Dry roasted salted peanuts are also marketed in significant quantities.

Peanuts are also used in a wide variety of other areas, such as cosmetics, nitro-glycerine, plastics, dyes and paints.
