About Us

In **1985**, '**BPL Enterprises**' came into being with the motto of serving as many industries as possible, in different parts of the world. Our company engaged itself in manufacturing the widest range of **Control Panel Accessories, Switches and Other Products** and in supplying it across the **Indian Subcontinent**. All the products comprising our range find immense application in varied industries, which is why these have high demand in the global market. With our customization facility, these products can be availed by the clients in industry-specific designs. We have set up an unconventional infrastructure, so as to facilitate the production of a world-class range. All the manufacturing processes carried out by us adhere to the norms laid down as per the industry standards. Thus, it is assured that our products meet international quality standards and feature superior functionality. In order to make sure that the products are flawless, the manufacturing unit is managed by technical experts and is monitored by quality analysts. It is owing to their hard work that today, we have reached the untouched heights of success. With fame comes immense responsibility of reaching upto the expectations of clients, which is met by us with a challenging spirit. It is owing to this, that we have proven to be successful in garnering the trust and faith of our clients. **'Mr. Pradeep Lahati'** is man with professionalism and ethics. He, with his ideal working...
