About Us

Keeping in view of the above, BrainCarve has started with the strong inclination to promote the unique multiple intelligence program to benefit the children in their early stages, such that their contribution to the overall growth will be high. BrainCarve is a research based Organization focusing on brain development of children 4 years and above.

A Unique Program for Kids, BrainCarve is a premier research based institutions that has made a paradigm shift in brain development than any medicine or education could accomplish. BrainCarve has come up with an integrated brain development program that combines 6 techniques all intended to change the way a child thinks and acts.
