About Us

Established in the year 1996, we, “Branson Ultrasonics”, are a prominent manufacturer, supplier and exporter of a range of Ultrasonic Plastic Welders, Sealers, Industrial and Bransonic Cleaners and Disruptor & Accessories. We offer support services that consist of employee training, engineering assistance, creating new/modified parts, troubleshooting, preventative maintenance and repair. The products offered by us are demanded for their features like corrosion & pressure resistance, durability, high performance and low maintenance. Available in different sizes and specifications, our products are in adherence with the global quality standards. We have recruited a team of competent professionals, which enables us to meet the varied demands of our clients. These professionals work in harmony with each other at our well-developed infrastructure unit to accomplish the goals of the company. We are also supported by a team of qualified quality controllers, which keeps an eye on the whole production process. They also check the quality of each and every product on numerous parameters before the final dispatch. Owing to our quality-assured products and ethical strategies, we have been able to garner a huge client-base across the globe.
