About Us

Bright Animal Farms was established in 2013. We are the Manufacturer and Supplier of Live Pigs, Cantonese Pigs, Boar Pig, Bantu Pigs, Bazna Pigs, Bazna Piglets, Bantu Piglets, Berkshire Piglets, Basque Pigs, Suri Pigs etc. We possess a perfect blend of latest technologies and highly qualified veterinarians and nutritionists to produce a range of wholesome animal.

Some procedures and treatments are known to stress the animals and producers should consider the animals' welfare, health and management in correspondence with accepted husbandry skills. The individual feeding system also facilitates individual medication of pigs through feed. This has more significance to intensive farming methods, as the proximity to other animals enables diseases to spread more rapidly.
