Manufacturer of temprecord temperature and humidity data loggers (reusable) etc.

About Us

BCC Mumbai, a leading Importer & Distributor of Temperature and Humidity measurement solutions for **Storage, Transit, Export Consignments, Cold Chain**, Process application etc. **BCC offers Cold Chain solutions** for Q.A. validation and regulatory compliance. Our high quality, portable temperature and humidity monitoring & recording instruments are widely used for routine measurement and testing across a broad range of industries, such as Food, Pharmaceutical, Biological, Chemical, Clinical Research, Testing Labs., CROs, Engineering etc. **BCC products help companies comply with regulations** to maximize the safety & efficacy of Drugs, Medicals, Biological, Foods, Chemicals & related products. Most pharmaceutical, Chemical, Food etc. products are temperature & humidity sensitive & susceptible to temperature abuse from the Manufacturing phase through Distribution & Storage. BCC has introduced " WIRELESS MULTI - CHANNEL TEMPERATURE / HUMIDITY DATA LOGGING, MONITORING, ALARMING SYSTEM", Made in U.K., a complete wireless solution having a range of 1 Kilo meter and is compatible with most building and production management systems. (Please refer page No.15 of catalogue for more information). **PRODUCTS:** Re-usable Temperature loggers & Humidity Loggers, Disposable Temperature loggers, Temperature Alarms, Temperature Labels, Temperature & Humidity indicators, Cable Free Thermo-hygrometer, Infrared Thermometers etc. **"Calibration Certificate is...**
