About Us

Capital Earthmover Spares, established in the year **2015**. We are **trader**, service provider of construction machine and rental services. Being a professionally managed organization, we are committed towards offering only optimum quality range of equipment at industry leading prices. With the assistance of our professionals, we provide customized solutions as per the clients' specific requirements. We always endeavor to attain complete customer satisfaction, by incorporating the valuable feedback to our customers, thereby improving both our product & services. Extensively used in various industrial applications, the products are acknowledged for their sturdy construction, high load bearing capacity and durable working life. All the services offered by us are rendered as per the clients' several choices.
