## About Us

Avalon Consulting, setup in 1989, is an international management consulting firm that advises clients across the world on strategy, business transformation and innovation. It is part of the 1000-people Avalon Group which straddles the entire knowledge value chain. Apart from Avalon Consulting, the Group has three other entities – Avalon Global Research, a global market research firm geared to do very quick, high-level (one day) product, sector or country studies as well as full-fledged research exercises; Ugam Solutions, a leading provider of Marketing Analytics for global MR firms, management consultants and corporates; and Germinait Solutions, an artificial Intelligence software company focused on developing solutions that help business decision-makers make good timely decisions based on large volumes of data.

Our consulting practice was founded in 1989 as Business Consulting Group and was rechristened in 2003 as Avalon Consulting. We operate out of offices in Mumbai, Delhi and Chennai and serve clients in India, China, Europe, USA and the Middle-East.

The company was setup with the objective of providing senior managers with a more effective resource to help resolve complex strategic and operational issues. Our reputation and credibility have been built through delivering practical and implementable solutions to clients – both domestic and international covering both the manufacturing and the services sectors.

At Avalon, our...
