## MALGUDI ASSOCIATES

We are professionally managed company, engaged in manufacturing of **Industrial MATERIAL HANDLING EQUIPMENTS**

Our products are in compliance with the industry specified quality standard.

## About Us

Established in 2009, we Cchalukkya Engineering are a well-known manufacturer, exporter and supplier of light duty process equipment. We offer pressure vessels, heat exchangers, boilers, jib cranes, storage tanks and other customized process equipment.

Our products have a demand in various places like Nigeria, Africa and Malaysia from where they have received lot of appreciation. For better quality in our products, we follow international standards of quality. We have thus successfully attained a position by developing a strong bondage with our clients. Our extensive strategies, planning and objectives have helped us to mark a distinct position for ourselves. We constantly work for better financial growth and productivity enhancement. "**Mr. Mailesh B.K**" the proprietor, efficiently handles the whole management of the concern. He has attained years of experience in the industry and has developed strong bondage with the clients. His hard core efforts and experience has made us a recommended name.
