Ceramique Industries is a leading manufacturer and supplier of an extensive range of frits, glazes, colours and raw materials for use in the manufacture of traditional ceramics, decorative tiles, enamelware and abrasives wheels.
About Us

Ceramique Industries was initially established in the year 2000. The company was initially established to produce and sell Ceramic Frits to the pottery industry located in West Bengal. Starting with conventional frits for commercial potteries we gradually expanded into

- Frits for Porcelain Enamel
- Printing Glazes for decorations of Tiles
- and Frits for bonding of Abrasives

The product range has been developed laying the emphasis on the three aspects which are crucial to pottery – Body, Temperature and its application.

Today we supply to entire India, with an increased product range developed over the years.
