Chakravarty Nursing Home was set up in 1994 with the aim of providing quality healthcare services. Our endeavour is to help people be healthy so that they can be productive members of society.

About Us

Chakravarty Nursing Home was set up in 1994 with the aim of providing quality healthcare services. Our endeavour is to help people be healthy so that they can be productive members of society. We strive to provide the same quality of healthcare services to all strata of society. The hospital was set up and is managed by **Dr. Satish Chakravarty** and **Dr. Mrs Renu Chakravarty**. They both have more than 30 years of experience in their respective fields of specialisation. Other consultants available at the hospital also have vast experience in their fields.

To assure you a high standard of performance, we are geared to serve you by using Environmentally friendly materials, State-of-the-art equipment, well trained personnel and an effective management team. We provide clients in the aged care and mental health sectors with experienced, fully trained and vetted staff. We firmly believe in Healthcare as a profession rather than a business – so that our decisions are always based on the best interest of our patients. **Chakravarty Nursing Home** is committed to comply with the requirements of Quality Management Systems and to continually improve the medical services by dedicated involvement of all members of the organization.
