About Us

Incorporated in the year **2001**, **Champion Electrical Industries**, is one of the popular names in the domestic markets. Ever since our establishment, we have committed ourselves to fulfill the various demands of the clients for their electrical requirements. Thus, we manufacture and supply a gamut of **Electrical Products**. These products are fabricated using high-grade raw materials that are processed from authentic sources in the industry. Further, our products are well-appreciated across the country for its unique features such as superlative efficiency, less power consumption, optimum shock proofing and immaculate designing. Located at **Lucknow, Uttar Pradesh (India)**, we have garnered a large clientele across the Subcontinent of India. We being a sole proprietorship firm have drawn up plans to cater to the increasing demand for Electrical Products across the country. Further, to produce a flawless range of Electrical Products, we have also established a sound infrastructure unit equipped with all the necessary resources. We have also employed an efficient team of professionals who work hard for the success of our organization. Besides, our quality evaluators conduct strict quality tests in all the stages to make sure that there is no defect in the production. Under the noble guidance of our **Owner, Mr. Sushil Kumar Agarwal**, we have carved a niche in this industry. He holds rich industry expertise and has enormous experience, which...
