About Us

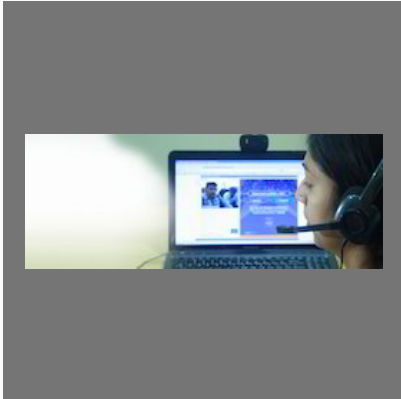

We are an IT services company that builds solutions with a strong focus on innovation, solutions that are aligned with your business, helping it run better. Headquartered in Bangalore, India, Chimera brings together a can-do attitude with technology innovation, process expertise, and strong collaborative cross-skilled workforce that has the client solution at the center of its focus. At the heart of our success is the ability to conceptualize, architect and execute solutions that help client businesses move to the next level with technology. Chimera is a boutique technology house specializing in Application Management Services, Offshore Development Centers, Outsourced Product Development Services, Enterprise Services and Analytics with a deep industry expertise in the Banking and Telecom verticals. We support clients across North America and European markets with technology expertise spanning new-age tools and resources in addition to mastery over Microsoft and Java platforms.
