## About Us

Yuvraj Marbles (P) Ltd. are the manufacturers of a wide range of premium quality Imported as well as Indian Marbles, which are processed by highly experienced professionals using high grade quality material and modern technology in compliance with the set industry norms. At Yuvraj Marbles, the stones are rigidly scrutinized on various quality parameters to provide a defect free range of excellent marble slabs for the customer.

High-tech and computerized technology have, even in the marble business, taken the place of manual activities.

Yuvraj Marble, created by the hands of a master craftsman, have developed and evolved, being up to date with all the technical and scientific advancements in outfield.

By introducing machining process, Yuvraj Marble has ensured that in the process of reducing the cost of labour and facility, machinery should replicate the human expertise.

Men play irreplaceable roles in the business. Some have been working for Yuvraj for decades, and have been able to learn all that is inherent to their particular speciality: inspecting blocks at the quarry, sawing, polishing, profiling, engraving, inlaying and carving.
