Economic value to its capital providers, shareholders and lenders.
About Us

Clp India is a wholly owned subsidiary of Clp Holdings Limited, which is listed on the Hong Stock Exchange and is one of the largest investor-owned power businesses in Asia. Clp India is the largest foreign investor in the Indian power sector with a total committed investment of over ₹14,500 crores. This investment is spread across a diversified and environment friendly generation portfolio that covers renewable energy, supercritical coal and gas fired generation, amounting to over 3000 MW. It's been operating a 655 MW gas fired power plant in Bharuch, Gujarat, since 2002. This plant has achieved NosA 5-star accreditation for complying with the highest level of internationally accepted safety standards and is ISO 14001 certified, complying with the highest standards in environment conservation. The plant was recently awarded the status of a "NosCar" company—which is the ultimate recognition of excellence in occupational risk management. The company operates a 1,320 MW supercritical coal-fired power plant in Jhajjar, Haryana. In line with the Clp Group's commitment developing 30% of its generating capacity from non-carbon emitting energy sources such as renewable energy and nuclear power by 2020, Clp India is the largest wind power developers in India with over 1000 MW of committed wind projects – approximately 595 MW of this capacity is already commissioned and the rest is in various stages of development.
