About Us

We are serving the CNG industry since 2001. We had started our career in 2001, when the government has passed the order to convert the Diesel vehicles into dedicated CNG mode. Till now we have successfully installed CNG kits in thousands of vehicles, which are successfully playing on Delhi roads. CNG Master is a comprehensive natural gas vehicle solutions provider. We offer products and services to corporate as well as individual consumers. We are committed to bringing the compelling economic and ecological benefits of compressed natural gas to the marketplace in a responsible, customer-focused manner. We have earned the reputation for high standards of quality and for our capability to comply with the most stringent specifications. Our team is capable of installing CNG conversion kits, providing CNG kits and related spare parts. We are well known for the comprehensive range of safety and standard approvals of our products & services.

We Have :
