About Us

Established in the year 1993 at Pune, Maharashtra, India, we, “Co-eff Friction Bands (P) Limited,” are one of the prominent names engaged in manufacturing, exporting and marketing a superior quality range of mechanical press spare part, liner plate, pressure plate, Industrial Friction Products. Our product range includes Asbestos and Non – Asbestos Brake and Clutch Lining Friction Material, Bonded Asbestos Brake Liners (in roll form) and Friction Articles Thereof, sheets, rolls, strips, cones, cups, segments, disc, pad and blocks. These products are widely used in Forging, Steel, Power Generation and Automotive Industries for torque acceleration and retardation. To ensure optimum quality, we manufacture these products using phenolic resin for asbestos friction material, glass fiber and mineral wool as basic material. Furthermore, to evaluate the quality, our products are also tested by reputed organizations such as ARAI & CIRT. Moreover, we also provide free samples and customization facilities to our clients, to meet their specific requirements. Moreover, we also provide OE products with private labeling as per the exact requirements of our clients. Our entire product range is designed in compliance with the IS quality standards and we also manufacture custom – made friction products as per customer specification, design and drawings. Moreover, we also undertake the orders of Industrial Brakes and Clutch Services, Relining of Bands...
