About Us

Common physical Infrastructure for the benefit of Micro and Small Enterprises belonging to Pump, Motor and Foundry Engineering Industry was a long felt need of Coimbatore region. Therefore, provision of upgraded testing facilities, state of art Business & Information Centre, physical infrastructure like road formation, Office and Meeting Hall, Library, Laboratory besides Crèche and Canteen, enabling relocation of foundries outside city limits and more importantly a Common Modern Tool Room were perceived as the scope of regional infrastructure to be put up. The Government of India has launched a scheme for the Up gradation of the Industrial Infrastructure where a cluster of units of same industry are located. The objective of the scheme is to improve international competitiveness of the industry. In the light of the above, the objectives were drawn up by **SIEMA** (The Southern India Engineering Manufacturers' Association) along with sister Associations thus born **COINDIA – COIMBATORE INDUSTRIAL INFRASTRUCTURE ASSOCIATION**, a special purpose organization (commonly called SPV) promoted by SIEMA.
