<https://www.indiamart.com/commercialengineers/>

Manufacturer and supplier of Automobile Bodies, Commercial Vehicle Bodies, Water Tanker Bodies, Refrigerated Automobile Bodies, and more. We also delivering most reliable Consulting & Transportation Services

## About Us

Cebbco produces vehicle and locomotive bodies for diverse applications for road and railways transportation. We are one of the leading designers and preparers in india of vehicle bodies for commercial vehicles with an extensive portfolio of product offerings. We also conduct refurbishment of wagons as well as designing and manufacturing of components for wagons and locomotives in the railways division. We have an experienced and professional team of senior management personnel, as well as a well qualified and experienced design team of mechanical engineers engaged in developing new solutions for our customers to suit their business needs.

Currently, we operate five factories, four of our factories are located in the state of madhya pradesh and the fifth is located in the state of jharkhand. In the last three years we have modernized our factories with new equipment and state-of-the-art technology and setup new plants. In fy09, we modernized our richhai factory i to include a robotic welding line with four robot arms and associated fixtures. The robotic welding line has enabled us to increase our production speed by almost four times. The robotic welding line also affords neater and better penetration and depth in the weld for vehicle bodies and railway components.
