About Us

The manufacturing business started in the year 1979-80 with the fabrication of steel doors and windows by Sh. Shakti Dada. The business soon grew as the products delivered good quality and value for money to the customers and free after sales service. In the mid-eighties fabrication of Aluminium Doors and Windows started. The market for the product was limited to a very few customers. But as time elapsed and the people understood the concept and the utility of the products, the market size increased. By mid-nineties the doors and windows were available in different shades and colours (viz. colour anodized and powder coated). This increased the scope of application and utilization of the product beyond commercial buildings and offices.

The Aluminium doors and windows were now being considered in domestic application in houses. The year 2001 and ahead...

The classification of the business remaining the same as manufacturers of doors and windows, different products kept on adding to the manufacturing portfolio over the years :-
