About Us

Launched in 2001, we rapidly changed the face of Pre-School education in the country. Our success, as one of the leading education services provider in the category raised the expectations of many hopeful parents, who were keen to see their children continue to blossom under our guidance. This inspired us to start EuroSchool which today has grown to 10 K-12 schools in 6 cities. With over 17 awards, we are setting new benchmarks by REINVENTING EDUCATION. A Pre-School is your child's first experience away from you and it's a huge leap for you as parents as well as for your child. This transition of your child between home and school has to be smooth, that's why we have **Buddy, Your Child's Fun-Partner**. As your little bundle of joy takes the first step into a new world, he or she is not alone. Buddy is always there to help him/her get comfortable and offer a nurturing environment. This makes Buddy your child's best friend in the outside world. Learning at EuroKids happens through experience and reflection on doing. With Buddy, your child experiences quality education and learns to explore and enjoy the surroundings. The integrated use of scientifically designed games, toys and technology makes learning a lot more fun and engaging. Our emphasis on the child's well-being and development in close coordination with parents, makes it a perfect experience for your child. This exciting 360 degree engagement is what makes **EuroKids...**
