Navayuga Engineering Company Ltd. (NECL) is the flagship entity of CVR Group and is the EPC contractor for Krishnapatnam Port.

About Us

Considering India's growing maritime trade in the world market with unprecedented growth in bulk commodities and containerized trade, Krishnapatnam Port has been envisioned futuristically as a modern, deep water & high productivity port with the view to sustain the demands of growing international trade scenario.

One of the India's largest and fastest growing seaports, Krishnapatnam Port has emerged as a world-class port with outstanding services and facilities. It is fast becoming a port of choice for all international cargo originating from and destined to the Southern and Central India.

Krishnapatnam Port Company has won the mandate from the Govt. of Andhra Pradesh to develop the existing minor port into a modern, deep water & high productivity port, on BOST basis for 50 years. The port is being built in three phases and currently the second phase of development is underway. Port has numerous strengths like its area, location, weather and new generation world class port facilities; it will soon be poised to become one of the biggest ports in the world and the Largest port in India.
