## About Us

Laksh Global is the name to a highly professional Engineering Design Organization that was commenced in the year 2004. The organization is engrossed in Turn Key and General Project Engineering Consultancy in quite a few industrial fields, project designing services, erection, and commissioning & validation services. With complete project specialization, Laksh Global also gives out individual solution in terms of machinery sourcing & operational services, etc.

Steel making, steel fabrication & forming steel forming like ERW pipes and highway crash fenders, road laying, galvanizing of sheets, structures and pipes, mini cement plants, manufacturing projects for unsaturated polyester resins (FRP resins ), production lines for wheel barrows & miscellaneous construction tools are some significant spheres where we – Laksh Global are engaged actively.

We are caring enough towards our Planet's environment thus all our projects are designed and commissioned to be environment friendly. We try hard to keep the levels of pollution, noise, smoke, and industrial wastes (solid, liquid & gaseous) as minimum as possible. We also pay special attention to make the design of our projects user friendly.

We comprise of highly experienced professionals who are experts in their spheres and are also competent to understand the exact requirements of clients. Our professionals stay on responsible to execute different projects efficiently...
