About Us

Athena Tradewinds Pvt. Ltd. (ATPL) is an agri-commodity company that trades in various agri-commodities including pulses, kabuli chick peas, yellow soybean meal, Canadian yellow peas, white maize and more. The company is headquartered in India and has its affiliate offices in Ukraine and Singapore. We specialise in supply chain management of various agri-commodities including Pulses, and Oil seeds and Edible Oils.

With its strategic location of its offices and its operations in various markets, Athena Tradewinds caters to global import and export needs of businesses related to agri-commodities. We are committed to sourcing of premium quality grains directly from wide range of producers and exporting them from Ukraine to various global destinations.

Athena Tradewinds team draws upon its competitive edge from its vast experience in various markets its trades in. Our due diligence and keen eye on the markets along with its strong hold in various exporting markets enables the company to gain direct access to major supply sources. This makes us one of the most competitive suppliers of best quality crops from various markets including CIS, Europe, North America and Asia Pacific
