We are a reliable and highly experienced importer, retailer, wholesaler and exporter engaged in trading a comprehensive range of Electronic Components. Our products are known for their excellent durability and high performance.

About Us

Established in the year **1978**, “**Component Masters**” is one of the leading retailer, wholesaler, importer and exporter involved in the trading a wide range of performance-oriented and high quality **Electronic Components** such as electronic capacitors and electronic transistor. With years of experience, we are also working as a buyer-company. All the products offered by us have been sourced from some of the most prominent & well known vendors and OEMs working in the industry. This ensures that all our products are in adherence with various national and international quality, performance and safety standards. Our customers have shown immense faith and confidence in our range of products. From the past three decades we are privileged to serve a large number of national and international clients. Backed by a team of qualified and skilled personnel, we have been able to understand the exact requirements of the customers and execute the orders accordingly within the stipulated time frame. This helps us in not merely meeting but greatly exceeding all customer expectations. Our major market are spread across **Indian Subcontinent, South Africa, U.S.A, U.A.E.**

It is the guidance provided by our owner and mentor “**Mr. Parag Mehta**”, which has enabled us to sustain the momentum of the organization for decades. His immense expertise in the field and strong business acumen help us devising strategies that...
