About Us

Based in Faridabad 30 kilometers south of Delhi, Condor Power Products (P) Ltd. is one of the most reputed designer, manufacturer, supplier and exporter of high quality FHP (fractional horse power) electric motors. The ISO-9001 certified concern is one of the largest manufacturers of electric motors in India and offers its products in as many as 180 models for various applications by changing the voltage and frequency supply conditions in accordance with the internationally accepted norms and methods. Our products are capable of rendering years of efficient service. Our products are widely used for air-conditioners, washing machines, mixer-grinders, wet rice grinders and many other applications.

Were a perfect blend of experienced and young engineers who transform new and innovative ideas through research & development into new and improved products. Every motor which moves out of the plant is backed with extensive quality checks to have consistent quality of the products. The hallmark of Condor is 'Quality achieved through process control'.

With our sound infrastructural facility, we can produce 6,00,000 motors in a calendar year.

Our organization is the brainchild of a visionary entrepreneur B.B. Singh and promoted by Dr. C.B. Singh and Dr. Rajesh Shukla NRIs from U.S.A. Mr. B.B. Singh is operating in the capacity of M.D. whereas his son Anurag Singh is operating as Marketing Head.
