Constro Systems & Engineers Private Limited

<https://www.indiamart.com/constro-systems-mumbai/>

We would like to introduce ourselves as a hard working, sincere & upcoming company established in 1987 to meet the challenges of the emerging Indian Industrial Horizon for designing & construction of high-rise structures.

About Us

We have efficient resources, Manpower, Material & technical abilities.

Till date we have executed many types of jobs like, CEMENT SILOS, BRIDGE PIERS, ESR WATER SHAFTS, ASH HANDLING SILO, ENZYME TOWERS, VENTILATION SHAFTS of Hydropower project (Horizontal slip form). 1-TON CAPACITY MOBILE CRANE with swinging boom for atomic power project. Currently we are engaged in lining work of GATE SHAFTS (Elliptical Shape), SURGE SHAFTS & PRESSURE SHAFTS for Hydropower project & we have also bagged a prestigious project in Bangladesh for constructing **CEMENT SILOS** with help of indigenous **HYDRAULIC SLIPFORM SYSTEM**. We also undertake designing fabrication & supply of form works like MOBILE ARCH, TUNNEL SHUTTERING, MOBILE KERB LINING SHUTTERING, MOBILE HORSE SHOE TUNNEL FORMWORKS, GIRDER SHUTTERING, CANTILEVER SHUTTERING. Our CENTRING SCAFFOLDING & SHUTTERING material for BRIDGES, FLYOVERS, TREATMENT PLANTS, DAMS COMMERCIAL, INDUSTRIAL & HIGH RISE STRUCTURE are economically designed to sustain highly corrosive environment to match every one's budget.

We are pleased to introduce our self as slip form & Tunnel Gantry fabrication contractor. We have executed different type of slipform work. Such as

- 1) Chimney upto 150m Ht.
