About Us

We are Coorg Heritage Inn Pvt. Ltd. We fondly call ourselves CHIPL (pronounced as *chip el*). We are located in Chelavara Village, Karada, about 17 kilometers from Virajpet Town (30 km. from Madikeri) in the District of Coorg, in Karnataka State. Madikeri and Virajpet are quite well known, the Village of Chelavara – well known for CHELAVARA FALLS – recognized by the Karnataka State Tourism Development Corporation (KSTDC) is still relatively unexplored and untouched. It's all about misty hills, thick forests, lush green coffee plantations, thrilling narrow roads, colourful flora, beautiful waterfalls and exciting wildlife. Amidst such wilderness of plush jungle and coffee estates lies the resort site. Resort build up is in 5 acres and surrounded by about 40 acres of coffee plantation. The Resort is covered with coffee, pepper and cardamom plantations, silver oak and many other natural canopies. This area is at a higher elevation and covered by mountains all around. A decent asphalt road connects the site to the main road. Conveyance is made easy through jeeps and other mountain compatible vehicles.
