Manufacturer of craft gifts, gifts etc.

About Us

We at craft creations would like to welcome you to the beautiful world of paintings! A person might be able to play without being creative, but he sure can't be creative without playing. " artist in you what i feel is that only thing you need to have is passion for it. By teaching more than thousand of students from 6 to 60 years of age group & discovering their talent i realized that age is no constrain to explore your creativity & at any age you can discover your inner artist. We create murals, rajwadi and antique rajasthani jharokhas, photo frames, corporate gifts, paintings in different media, and many more with exploring materials like wooden, cement, fiber, stone powder and mainly terra-cotta. My 13 years of teaching experience has made me realize that knowledge is one thing & ability to teach is another thing. I would like to thank all my students who in return have taught me, how it requires the sensitivity to understand the exact point where a student is having a problem & simplify the technique by giving absolute personal attention to encourage & to help them discover their sensitive creative self it is proven that art is an excellent way to d stress & one can experience it by trying. Above all to create a homely & relaxing atmosphere, we have made this place exclusively for an art lover. We visualize & design the layouts, design and produce the artifacts or piece of art that we required, and also install these or execute the complete projects on-site we take up...
