About Us

“CHEMICALS RESEARCH & DEVELOPMENT CENTRE”, is a leading Testing & Analytical Laboratory in the country. It was started way back in 1994, with an aim to provide World Class testing facility with high degree of reliable, accurate, reproducible & consistent analysis.

This was the time when Indian Economy was passing through a transition phase. World economy was opening up, exports barriers were being removed & industry was gearing up for a quantum leap. It was a golden and life time opportunity for small scale chemical industry of India. However, to supply products of international quality one needed a state-of-the-art Laboratory with strong credibility & high vision & that is how "CRDC", short for Chemicals Research & Development Centre, came into existence, in the Industrial area of Ahmedabad, Gujarat, to cater to the stringent quality needs of chemical industry in general and dyes & intermediate industry in particular. Chemical Research and Development Centre "CRDC" is a closely held, professionally managed company started by Technocrats.

Mr. S. Biyani, who is the CEO of the company is a double Graduate (BSc, BSc (Tech.) from Bombay University (B.U.D.C.T) & has vast industrial experience since 1971. He is also actively involved in technical advising, troubleshooting, project implementation. in the industrial belt of Gujarat. Some important projects executed by him are Mardia Chemicals Limited (Vatva), Alps Chemicals...
