# Metro Panels Industries

<https://www.indiamart.com/crossbond-india/>

We are amongst the leading manufacturers of Particle Board, Aluminium Composite Panel, Interior Aluminium Composite Panel, Flush Doors and PVC Laminates.

## About Us

Established in **2013**, we “**Metro Panels Industries**” are amongst the top most manufacturers engaged in providing interior and exterior building developments goods. Our products are manufactured using the well tested raw material that we procured from the reliable vendors of the market and contemporary technology under the supervision of our experts. These products are highly sought after in residential, commercial and industrial areas.

In the year 1995, a simple, principled and ambitious man – **Mr. Ram Agrawal**, founded a modest plywood manufacturing facility in Bihar. Today, after two decades of single-minded persistence, perseverance, and a relentless commitment to excellence and innovation, ‘The Metro Group’ has become a household name when it comes to **Particle Board, Aluminium Composite Panel, Interior Aluminium Composite Panel, Flush Doors** and **PVC Laminates**.

The “Crossbond” brand from the Metro Group is synonymous with Quality, Durability and Customer Satisfaction in the panel and wood manufacturing industry. State-of-the-art infrastructure and cutting-edge researches, are the two pillars on which we have built our legacy. We believe in finding newer, more economical, aesthetically better and intrinsically more durable solutions for both interior and exterior uses of our panels. We ourselves are our own competition. This mindset leads us to strive harder and stretch ourselves...
