Crystal Palace

<https://www.indiamart.com/crystal-palace/>

Largest manufacturer, importer and exporter of lights for more than 45 years. Offering lighting solutions, consultation, designing, installation and restoration solutions.

About Us

We introduce ourselves as a leading, lighting fixtures manufacturing company.

Overlooking our glowing track-record of more than 40 years, of manufacturing and supplying lighting-fixtures, we have successfully executed and commissioned major projects in commercial, institutional, government & corporate sectors, hospitals, hotels, temples and like...

In the process, we have garnered an ever-growing list of satisfied customers, which is looked upon as an aura, over our commitment towards Quality Products & Services, by us.

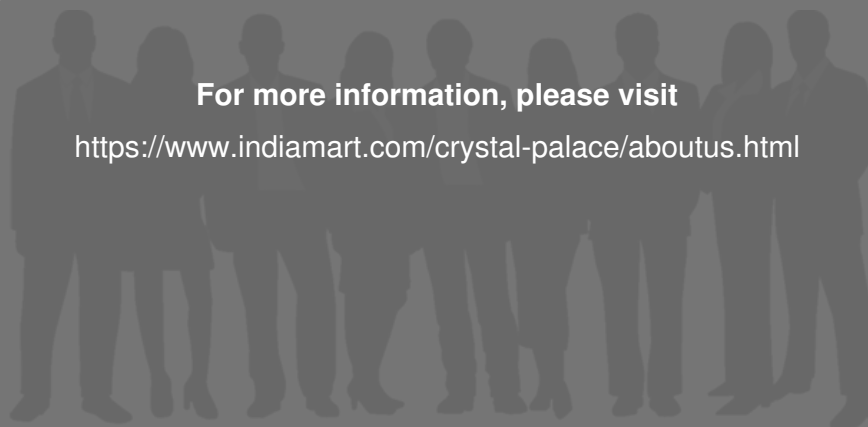

All these have encouraged us, to take a step further... a step into Art & Aesthetics. Yes. Designer Lighting Fixtures!... featuring tailor-made designs, with an option of both, crystal and non-crystal materials, to suit other components of an interior.

An enchanting collection of designer masterpieces, carved, cut & crafted in amazing forms and shapes, to match the taste of people, who have always cherished to own something, to glitter their image with; turning their fantasy into fortunes.

Truly, an object of desire, which never loses the virginity in its looks; just one look is enough to mesmerize and make flow over the brim.

We have achieved these, by way of a symbiotic work attitude and have attached our technical skills with the awed ones... the designers and craftsmen, who are known for their agile & art.

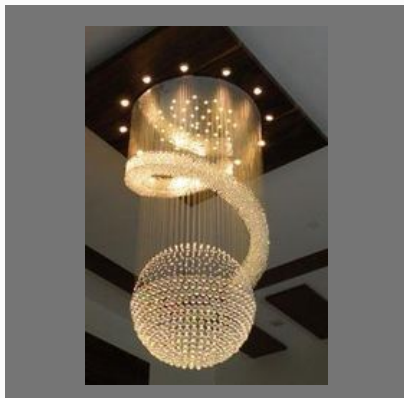

We have 3 display...
