About Us

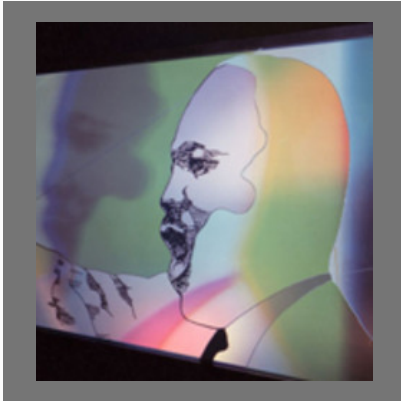

Crystal Glass is a provider of high-end architectural glass products based in Mumbai since **1995**. We began designing on glasses and manufacturing glass furniture like doors and windows over a quarter century ago. In the past fifteen plus years since we began operation we have made many improvements in the quality and durability of our products and we're very proud of each item that leaves our company. Our fine art glass paneling is designed by some of the best artisans and includes varieties of etched glass, cast glass, sculptured stacked glass and glass furniture's. Our doors and windows are constructed of the highest quality and we take great care to assure that each step of the manufacturing process, from the day we design the product until it reaches your project, is completed with the highest level of service and customer satisfaction. We offer unique and easy opportunities to enhance and beautify your home or business with the best of designer glass.
