About Us

Company Profile I am Ms Mita Azad and I run a company under the name Curios EXQUIS am associated with a few rehabilitation units in South India. I am based in Mumbai. We market the products made at these Rehab units that include table linen, that is napkins, table covers, bedspreads in HandBlock and Batik, Greeting cards, laundry bags, paper bags, bedspreads and handicrafts. All our products are on handmade handloom fabrics from South India. The fabrics have fast colours and do not bleed. Products supplied by us are made by physically challenged men and women associated with Rehabilitation units. We work with self help groups that strive to keep Indian Art alive. Some of the items we have are, Home linen in Batik and HandBlock prints. Your orders Arne a source of constant income and employment for these rehab unit workers. Most of whom are physically challenged. And disabled and cannot work in the main stream.
