## About Us

DA Motors is an organization working its way up throughout the domain of the Electric Mobility. We aim for the commercialization of the technologies in the field of Electric vehicles. Electric mobility is a vast industry which is consistently working for improvisation and development of latest technologies for making life simpler and more efficient. This era creates a challenge for the world and more appropriately students, the future of the nation, to keep themselves updated with the latest trends in the industry. So, we work with the students with the aim of shaping the future of the nation by serving to fill the gap between the academia and the industry. We also aim at providing mobility solutions to a wide variety of customers and have been serving the industry for more than 5 years. DA Motors is well equipped with a Research and Development centre that constructs the bridge between the latest technologies and its commercialization in the International market. DA Motors has been registered under the Rajasthan VAT Act, 2003 with the effect from 16th March 2016. DA Motors sells pre-owned Electric Vehicles (EVs) making it easy and affordable to drive the most environmentally responsible and reliable vehicles in the market. DA Motors also sells the most powerful EV Chargers and Batteries with low overhead, DA Motors provides a high quality product at a highly competitive price. DA Motors has built a fully EV Company with head office that also equips an R&D team in the Jaipur...
